Facility Finance Options

Previously you may have had to wait until you had sufficient capital funds available to build new or improved sports facilities or invest significant levels of time and effort into the funding application process. Now, with the help of Thornton Sports you can start planning your new facilities straight away, as we can offer you new facilities that can be paid for in monthly, quarterly or annual instalments.

From **JUST £950*** per month options are available to construct or refurbish:

Multi Use Games Areas

Tennis Courts

Athletics Tracks

Synthetic Sports Pitches

For facilities that you intend to hire out, an added benefit is the potential profits generated - **rental incomes may cover or exceed the instalments!**

So, what facilities would you like to provide? Contact us on **01282 777345** or email **info@thorntonsports.co.uk** to get the ball rolling today ...

*Approximate figure based on a requirement for a 600m² black Macadam MUGA, over a 7 year payment schedule. Subject to approval.
