## Line marking

### Football pitch line markers and paints

WM1 Line marking machine for use on natural grass pitches. Complete with large capacity tank with interchangeable marking wheels. This allows different line widths to suit differing sports other than football.

WM1 markers are manufactured from steel polyester powder coated blue knurled transfer wheel for improved fluid distribution. Wheels are only interchangeable on 50mm and 76mm models. Complete with large rigid handle and heavy duty 305mm diameter rubber wheels. 18 litre tank enables up to 2 football pitches to be marked in one filling.

50mm marking wheel **SGE-M0100**  
 76mm marking wheel **SGE-M0101**  
 100mm marking wheel **SGE-M0103**

### Fieldmaster line marking fluid

Weather proof additive for sports ground marking. Sold per 20 litres of fluid. Supplied in 2 x 10 litre drums. **SGE-M0105**

### Tennis court line markers and paints

#### White line paint

For hard tennis courts in 5 litre cans (water based) **SGE-M0102**

#### 'Easyline' marking machine

For use on hard tennis courts, four wheel model. **SGE-M0104**

#### 'Easyline' aerosol paints

For SGE-M0104 marking machines. White, two cans per hard tennis court (other colours available on request) **SGE-M0106**

### Buildings and storage

For general or secure storage of equipment. Players changing facilities.

- Cricket and general sports pavilions
- Tractor and groundsman equipment security storage buildings
- General sports equipment storage buildings

Please contact us to discuss your specific requirements for buildings and security storage.

### Water removal

#### Aquadri roller - water removal

A 750 mm wide foam roller, mounted on a light polypropylene chassis. designed for maximum absorption of water on any ground/surface. Complete with 65 litre holding tank, simply emptied by removing a drain or by tipping the roller on to its side. Wide tread wheels spread the roller weight over ground area. **SGE-C0130**

## Storage containers

### Orbistor 800

Revolutionary designed spherical container with sloping angled lid to maximise space and ensure ease of access. Ideal for sand or sand bag storage for use on synthetic surfaces. Available in green or yellow. Capacity 800 litres. **SGE-L0170**

**A wide range of alternative storage containers specifications are available on request.**

### Drag brush

For brushing or aerating turf or synthetic surfaces. Nylon bristles, wooden head and steel handle. 6" wide. **SGE-S1038**
